This is the first weekend in a four weekend program that explores the nature of time, energy and the essential self. It is a study that is experiential and extremely profound for the participants. You will learn techniques of the Inkan Shaman priests of Peru and will receive the rites of passage and initiations into the Q'ero Shaman's way using the Andean Mystery Teachings: The rites of the "MUNAY-KI. Holly Gray Schuck is the facilitator/teacher of these workshops. Her background is a Frequencies of Brilliance Practitioner and experience as a 30 year therapist and practical Shaman who holds space for a very personal style of teaching. Using the ancient medicine wheel model, we begin our healer's journey with the SOUTH direction as we shed blockages and clear our energy fields..
